Guidelines

1. Do not edit this file directly as it might be periodically overwritten with changes. Copy `Status.tex` as `Status_${USER}.tex`, and edit the latter. These weekly reports may then be used to prepare the project report, iff your advisor requires it.
2. Refer to Tips section in the course material for step by step instructions to compile `Status_${USER}.tex`, and commit `Status_${USER}.*` to the GitHub repository.
3. Commit `Status_${USER}.*` to the GitHub repository before 4:59 pm on Friday starting week #10. Each such status report is worth 1% of the final grade.
