

## UN5390: Scientific Computing I

Fall 2015

Project Status Report ( $2\% \times 5$  weeks)

YOUR NAME (YOUR-USERNAME@mtu.edu) · ADVISOR NAME (ADVISOR-USERNAME@mtu.edu)

Designing proactive paradigms to leverage orchestrated cutting-edge visionary channels with matrix dynamic functionalities by employing high performance computing infrastructure

---

### Guidelines

1. Do not edit this file directly as it might be periodically overwritten with changes.
2. Copy `ProjectWork_StatusReport.tex` as `ProjectWork_StatusReport_john.tex` (where `john` is your Michigan Tech ISO username).  
Edit `ProjectWork_StatusReport_john.tex`.
3. Turn it in before 11:59 pm on Friday starting week #10. Each such status report is worth 2%.

1. Did you meet with your advisor(s) to discuss research this week?
2. What did you do this week (past Saturday through this Friday)?
3. What are you planning on doing next week (this Saturday through next Friday)?
4. What were (are) the difficulties/obstacles you faced (facing)?
5. What is the approximate percentage progress?
